

A Camp Fire Wish Of A Scouting Adventure

CHICAGO COUNCIL
Boy Scouts Of America

CAMPS
OWASIPPE
KIWANIS

Dear Scout Parent:

All of the Scouts of our Troop are looking forward to Camp next summer. Your son has probably told you that we plan to go to Camp awasippe on July 7-19.

Our Scouts have a great deal of loyalty toward every member. They like to do things together and want every Scout at Camp with them next summer. They are counting on your boy.

Camp is one of the finest experiences a boy can have. Especially Scout Camp, with his own buddies and adult leadership from his own Troop.

Your boy wants to go. He knows he will have a good time, and more, he'll hike and camp and swim and fish in unspoiled woods and waters.

You will want him to go, too. It's an adventure in Democratic living with all of the safeguards you are anxious for him to have. Our Staff is well chosen. We have outstanding Rangers and top-trained Red Cross waterfront Directors. We don't often need them but we even have doctors and nurses immediately at hand. The Spiritual needs of each boy are met by Chaplains who are in residence at all times. The meals are generous and skillfully prepared to meet all requirements of healthy young appetites.

The Camp Reservation Fee is \$5.00. This will hold a place for him. The balance of the fee, which includes a 450 mile round trip, is \$15.25.

Sincerely yours,

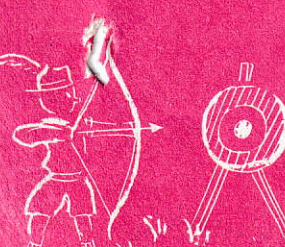

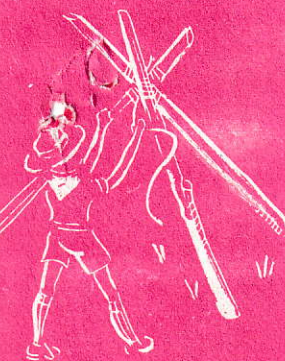

A. Ratthe

Scoutmaster

P.S. Learn more about our Camp plans at Parent Night.

Place Church
Date March 11, 1958
Time 7:30 P.M.

PROGRAM OPPORTUNITIES

Summer camp means activity.....with plenty of space to have it. Hiking, camping, swimming.....crafts and nature lore.....boating, canoeing, exploration..... games and fun and program.....with all the facilities right there.....with leaders skilled in their use, ready to help. Here too, are unusual opportunities for advancement to higher rank and for leadership. There are added program features for Explorers too.

LEADERSHIP

Scouts go to camp under men they respect and who know them best.....adult leaders of their own Unit. They live, learn, work, and play together in camp as a Troop.....with expert guides and counselors to assist whenever called upon.....with careful camp supervision over all activities in the interests of safety, accomplishment, fun and good Scouting.

SWIMMING

.....One of the most popular features of summer camp. Expert instruction under ideal conditions, with careful guidance. Learn to swim.....develop new skills. In more than 45 years, we've never had a serious water-front accident.

ON THE TRAIL

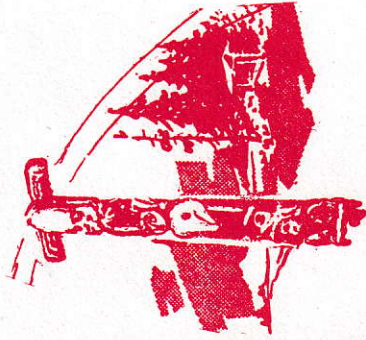

Follow exciting trails through beautiful hills and forests abounding in wildlife. Camp by hidden lakes.....fish the streams.....cook delicious trail meals over a camper's fire.....all with men who know how..... who know the country and its trails.....and who share their skills with Scouts. Close to nature and to God.....here's the experience Scouting promised to every boy who joined.

THINGS YOU'LL WANT TO KNOW

You'll receive final instructions after you pay your final fee. They'll include details of what to bring to camp, the form for the physical examination (required of every boy and leader coming to camp) plus other information and instructions you will need to know. Final payment of the camp fee is due anytime up to 30 days prior to camp.
